

COFFEE MACHINE

Model: A6L-1C

Model: A11L-2C

Model: A16L-3C

Features:

- 1) Automatic control system, Continuous delivery push-button.
- 2) Dual boiler system: Steam generator and coffee brewing separated.
- 3) Built-in by-pass balanced rotary pump.
- 4) Electric heating controlled by thermostat for safety.
- 5) Brewing coffee steady 9 bar, @ 90.5°C temperature.
- 6) Group with pre-infusion chamber for the best extraction of coffee.
- 7) Over pressure protection system.
- 8) Over heat protection system.

Technical specifications:

Model	A6L-1C	A11-2C	A16-3C
Power	220V/50Hz	220-380V/50Hz	220-380V/50Hz
	2650W	3150W	3000/4500W
Nozzle	1	2	3
Boiler Capacity	6 L	11 L	16 L
Pressure	9 Bar	9 Bar	9 Bar
Dimensions	430*545*520mm	695*560*520mm	895*560*520mm
Weight	42Kg	55Kg	80Kg
	46Kg	61Kg	105Kg
